

Eyasuc Chaka a.k.a (JOSH)

Web Developer

Highly motivated, self-starting developer seeking to launch a career building web applications and services with a variety of technologies Committed to continuous learning and improvement. From the moment i produced "Hello World" in the console of my first application, I knew i was hooked into the world of software development. But software development has never been "just a job" for me. it's offered an engaging challenge to continually learn and improve my skills in creating high-quality Solutions. What started with a simple "Hello World" has become a full-fledged passion that only gets more exciting as the years go by. Below, you'll find projects I've completed that showcase my skills and background in developing websites.

Skills

- **Front End Development**
Expert
- **Back End Development**
Intermediate
